## BIO

Polylux Systems is Gavin Bradshaw, an electronic and multi-instrumental music performer. Using a mix of programmed synths, samplers and drum machines that are manipulated on-the-fly and blended with live guitar, keys and vocals to deliver gritty techno, intricate IDM and ambient textures.

A live electronic performer improvising with samplers and guitar effects to create evolving IDM, Techno, Electro, and experimental sets.

'a one-man band and master of the loop pedal...serving up the funkier of vibes'
